Windsor is doing well to guard its opportunity to participate in the management of the schools to which it sends its pupils.

The State Board of Education has in the legislature, at least two bills which would help Windsor. The first would increase the state aid allotment and the second would subsidize high school transportation. At this writing we can not to be sure of the outcome but both would be of material benefit locally.

Gloria Woodrow is enrolled at the University of New Hampshire and is doing well. Regular transportation for both high and elementary pupils may insure that more
